

COVID-19 Aircraft Disinfecting Kit Reference Card

Aircraft Interior Part	Product	Application Details
Avionics Displays	70% Isopropyl Alcohol	Apply 70% isopropyl alcohol (ISO) to a microfiber cloth and wipe screens. Follow up with an approved cleaner to remove streaks.
Avionics Buttons and Knob	Mild Detergent Soap And Water	Clean avionics buttons and knobs with microfiber cloth, damp with warm soapy water.
Engine Start Button, Throttle, Seatbelt Latch, Display Buttons	Celeste Sani-Cide EX3	Apply EX3 to a microfiber cloth and wipe high-touch hard surfaces. Allow the disinfectant to dwell on the surfaces for ten minutes. If disinfectant evaporates prior to the wait time, do not reapply more.
O2 Masks and Cannulas	70% Isopropyl Alcohol	Apply 70% isopropyl alcohol (ISO) to a microfiber cloth and wipe high-touch surface areas of the mask. Do not share masks or cannulas.
Headsets	70% Isopropyl Alcohol	Apply 70% isopropyl alcohol (ISO) to a microfiber cloth and wipe and high-touch surfaces of the headset. The microphone muff can be submerged in soapy water and washed carefully, left to dry, and then reused.
Aircraft Furnishings – Hard Surfaces (glare shield, grab handles, console)	Celeste Sani-Cide EX3	Apply EX3 to a microfiber cloth and wipe high-touch hard surfaces. Allow the disinfectant to dwell on the surfaces for ten minutes. If disinfectant evaporates prior to the wait time, do not reapply more.
Aircraft Furnishings – Soft Surfaces (carpets, interior panels, other textiles)	Celeste Sani-Cide EX3	Apply a spray mist of the disinfectant with the spray applicator to all soft surfaces (do not soak) such as wall coverings and carpets. Allow disinfectant to dry. Upholstery and carpet should be lightly misted with EX3 and allowed to air dry.

COVID-19 Aircraft Disinfecting Kit Reference Card

Additional Instructions

Two empty spray bottles are included in the COVID-19 Aircraft Disinfecting Kit.

- First spray bottle - Fill with 70% isopropyl rubbing alcohol (not included). Label bottle "**70% ISO**".
- Second spray bottle - Add one small drop of Dawn® dish soap (not included) and fill with distilled water. Label bottle "**soap and water**".

See websites below for additional information regarding best practices for cleaning and disinfecting.
